1952 INTRODUCTIONS

To growers of Chrysanthemums we are offering some new and exciting varieties These were tried out at trial grounds, this past season and proved their merits.

| | | BLOOMING DATE | PRICE EACH PER DOZ. |
|---|----|------------------|------------------------|
| ALEX CUMMING (86-48 CPK Bristol). Superb 4-inch flowers. The purest cerise possible. Soft erina to a cleanly pleasant rose. The majestic blooms incurv at center, recurve at petal ends, giving an exotic appearance of a green house commercial. A faint gold tinge. A center giving a lovely color effect under artificial light, it makes many vivid 18-inch stems for cutting single flowers | 30 | Oct. 3 | 1.25 |
| FASCINATION (62-47 CPK Bristol). Lovers of the hugh in mums will really adore this "glamazon". It is a large shapely decorative, often 4-inches in size. A lovely silverly lavender pink deepening a bit at the center. The blossoms occasionally become an almost pure white. Sturdy grower with lushly verdant foliage long stems. A marvelous blend of size and beauty | 26 | Sept. 28 | 1.25 |
| GOLDEN ROCKET , (Single). A bright clear yellow. Blooms well spaced, exlant foliaqe, stiff stem. A florist dream, stands rain | 36 | Sept. 28 | .60 6.00 |
| LUCIOUS , (Coles). Golden yellow large pompom well branched. Blooms well spread. Clean foliage stands up in all kinds of weather. You will like this one..... | 28 | Sept. 25 | 1.00 10.00 |

CHRYSANTHEMUM CULTURE

A few do's and don'ts: Plant in well prepared soil that has had a coat of manure the previous fall or winter if you have it, or an application of commercial fertilizer worked into the soil 10 days before planting. Side dress with any fertilizer about July 10th, again when buds appear just before a rain. Keep well cultivated, pinch out top when 6 or 8 inches high, again after the side branches have made good growth. Not after July 20th it might be too late for buds to set. Don't plant too near a building or tall trees. Give them room enough to develop and produce the blooms you expect. By all means dig up your old clump each Spring, divide using the new shoots, destroy the old core. You will be rewarded for your labor.

HARDY CHRYSANTHEMUMS

| | | | | |
|--|----|----------|-----|------|
| ALLEN FELTEN (Felten), D. An excellent new double lemon yellow chrysanthemum you will want in your garden or if a cut flower grower don't miss it. | | | .50 | 5.00 |
| ASHES OF ROSES , (Reichert). Anemone. The name describes it, the large center cushion being lighter sets it off. Good for cutting, fine for arrangement | 26 | Sept. 20 | .50 | 5.00 |
| AVALANCHE , D. The world's best large, creamy white.... | 22 | Sept. 5 | .50 | 5.00 |
| AVIATOR , D. New coppery-red. Vigorous and easy grower | 24 | Oct. 5 | .50 | 5.00 |
| BETTY , D. Upright apple-blossom pink with deep rose center | 28 | Sept. 28 | .50 | 5.00 |
| BOKHARA . (Bristol 1947). Rich beautiful blending of soft crimson and warm shades—brings to mind the exquisite loveliness of the rugs of Bokara. Thus its name Bokara is a hardy, upright plant, disease resistant foliage, full double flowers carried on stiff, well branched stems that hold up in all weather conditions. | 24 | Oct. 10 | .50 | 5.00 |
| BRONZE PYRAMID , D. Orange-bronze, large flowers, wiry stems. Blue ribbon winner..... | 40 | Oct. 12 | .50 | 5.00 |
| BUTTERBALL , D. Early butter-yellow, bronzing some in cool weather | 16 | Aug. 12 | .50 | 5.00 |
| CARNIVAL . (37-45 CPK) Conspicuously distinct among its garden companions throughout the long mum season is this gay newcomer. "Glowing burnt orange" best describes the play of bronze, red and golden bronze shades; literally, it gleams. The full double blossoms, 3½" across, carried on long, slender, nicely branched sprays are perfect for cut arrangements; the heavily branched plant amazingly free and productive. Inheriting from its Nipponicum lineage, lusty, dark green foliage carried right down to the ground , the plant alone is a garden ornament. In full bloom Oct. 10. Height: 2½—3 ft. | | Oct. 10 | .50 | 5.00 |
| CATHERINE COLLINS . We believe the best early yellow pompon to date. Blooms from September 10 until killing frost. 3' stem. A fine florist variety. Extremely hardy. | | | .50 | 5.00 |

| DRAGON LADY , A new mum-color too—a satin smooth Chinese Red, more striking than Caliph, deeper than Red Velvet. Starting mid-September, it bloomed continuously for six weeks and didn't fade a shade. Mature flowers develop spoon tips. Foliage is an outstanding deep green, almost black, extra large, bright as waxed leather. It is a decorative growing bush, and a red mass in bloom. | | | | Sept. 25 | .50 | 5.00 |
| DREAM GIRL (Floralane 1948) Beautiful lavender-pink; full petaled, blooms 2½" across on long stems. Dream Girl is a gem for the garden and a dream for cutting. | | | 30 | Sept. 25 | .50 | 5.00 |

UNSOLICITED TESTIMONIES

From Huntingdon Beach, Calif.

Dears Sirs,

Enclosed please find stamps for plants sent. They arrived in fine shape. Thank you. W.B.F.

From Roanoke, Va.

Dear Sir,

Please find enclosed the stamps for postage on package I received so promptly. Never have I gotten such nice plants by mail. I know now where to deal. Thanking you again for the nice box of plants and for the extra one. C.H.J.

From Beaumont, Texas

Dear Sir,

In regards to the Mums I must say that this is the first time that I have received plants as far away as Magnolia, N. J. to Beaumont, Texas, and not even have a wilted leaf among the plants for in the past we have expected to lose one in every five plants. I will not hesitate to recommend your plants both for size and the care that is taken in packing them for shipment. And I should know as I have experimented for the past 6 years with plants and getting them shipped from almost every state in the United States. R.E.G.
